3. Installing Lepide Active Directory Management and Reporting

Before you start installing LADMR, make you sure that the software installer file is available on your computer. If the file is not available then you can download the file from our Website - <http://www.lepide.com>

After you have downloaded the installer file, execute the following steps to install the software:

1. Double-click the Lepide Active Directory Management and Reporting's installer file.
2. Follow the on-screen instructions. When the installation process completes "Completing the Lepide Active Directory Management and Reporting Wizard" message appears on the software installation window.
3. Click the **Finish** button to launch the software.

4. Un-installing Lepide Active Directory Management and Reporting

There can be a situation when you need to uninstall the LADMR software. The software can be uninstalled from your computer system in following two ways:

- Uninstall through Windows Start Menu
- Uninstall through Control Panel

 Before you start uninstalling the LADMR software, make sure that the software is not running.

4.1 Uninstall through Windows Start Menu

Execute the following steps to uninstall LADMR through Windows Start menu:

Lepide Active Directory Management and Reporting

1. Click **Start > All Programs > Lepide Active Directory Management and Reporting > Uninstall Lepide Active Directory Management and Reporting**. A confirmation message appears to let you affirm the un-installation process.
2. Click the **Yes** button to uninstall the software.
3. Click the **OK** button to finish the un-installation process.

LADMR is successfully uninstalled from your computer system.

4.2 Uninstall through Control Panel

Execute the following steps to uninstall LADMR through Control Panel:

1. Click **Start -> Control Panel**. **Control Panel** window appears.
2. Double-click the **Add or Remove Programs** icon. A list of the programs installed on your computer appears.
3. Select Lepide Active Directory Management and Reporting and click the **Remove** button. A confirmation message before un-installing the software appears on the screen.
4. Click the **Yes** button to un-install the software.
5. Click the **OK** button to complete the un-installation process.

LADMR is successfully uninstalled from your computer system.
